

JOINT KNOWLEDGE ONLINE

Joint Knowledge Online training courses and curriculums include high interest and required joint training covering a broad range of relevant, operationally focused training for individuals and staffs preparing for Joint Task Force assignments, collective training exercises, and deployment to areas of joint and coalition operations. Learning resources include media-rich, tailored, immersive scenario simulation applications for small group exercises and area-specific language and culture training, Joint Professional Development Seminars and a video library.

JKO is accessed on military classified and unclassified networks and mobile devices. Step-by-step guidance is provided at <http://jko.jten.mil> for unclassified access and <http://jko.jten.smil.mil> for classified. Direct access to JKO courses with a Common Access Card (CAC) or login and password is available by going directly to <https://jkodirect.jten.mil> or <http://jkolms.jten.smil.mil>. See our **JKO Mobile** fact sheet for specific guidance on setting up mobile device use.

Getting Started:

Step 1: Establish a JKO account by entering <https://jkodirect.jten.mil> or <http://jkolms.jten.smil.mil> in your browser. In the “**CAC Login**” box select “**Login using my CAC.**” Non-CAC users follow instructions provided under the “**Login Options**” section on the login page to submit an account request to the JKO Help Desk.

Step 2: Create JKO Account Profile. First time students are automatically directed to the “**My Profile**” page to establish a JKO account profile. Returning students can update profile information by selecting the “**My Profile**” link at the top left of the screen.

Complete all required fields indicated by red labels on the “**My Profile**” page and click the “**Save**” button at the bottom of the page to ensure selections are recorded.

Step 3: Select Course. JKO defaults to the “**My Training**” tab that displays all courses and curricula underway, enrolled in or assigned by training managers. To browse courses select the “**Course Catalog**” tab at top of the page. Search for a specific course, or courses associated with a particular topic or organization using the search fields above each column, “**Course Number**” and “**Title**” and the “**Search**” button. You can browse the catalog entering partial information or topic such as “Cultural Awareness” or “Joint Planning” in the search box above the “**Title**” column and selecting “**Search.**” A list of all courses containing that topic in the title will display.

For questions please contact the JKO Help Desk at 757-203-5654 or jkohelpdesk@jten.mil.

About JKO

Joint Knowledge Online is the DoD authoritative distributed learning capability for military and civilian individual and staff online training. It is the Joint Staff system of record for joint training requirements. Joint, Interagency, Inter-government and Multinational Stakeholders use JKO for a cost efficient, distributed learning solution to meet their training requirements. Our team of advanced distributed learning technology, instructional system design, and training professionals develops, delivers, tracks and reports web-based training on JKO. We develop media-rich, interactive courses, tailored scenario simulation applications, and train others to fully leverage JKO to manage their unique, online training requirements.

JKO Features

- ☐ 24/7 global distributed access on military unclassified and classified networks and mobile devices.
- ☐ Software-hardened learning content management system.
- ☐ Web-based JKO Course Builder courseware development tool with HTML5 capability.
- ☐ Roles-based access enabling segmented user views of JKO course database.
- ☐ Level 2 and above Interactive Multimedia Instruction courses.
- ☐ SCORM compliant courseware development, conversion and hosting.
- ☐ Area of operations and tailored scenario simulation immersive training applications.
- ☐ Distributed, desktop small group exercise training.
- ☐ Free JKO Mobile app for iOS and Android mobile phone and tablet users.
